SUPPLEMENT TO
REPORT NO.

1. Source made the following tentative report on the Wismut AG transport units on 30 April 1951. He states that German personnel speak of these units as "one hundred and . . .", whereas the correct designation is 1/00. He believes that those units manned exclusively by Soviet personnel, that is, the transport units and the chemical dressing (chemische Aufbereitung) units, are designated by the numeral 1.
2. Objekt 1/01 is the transport unit in Johanngeorgenstadt, situated on Schwarzenbergerstr., where about 40 trucks are garaged. It is believed that there are about 200 soldiers in this transport unit, some of whom are quartered at pits 125 and 126.
3. Objekt 1/98 is the chemical dressing unit, named entirely by Soviet personnel, in Johanngeorgenstadt. There is some connection between this unit and the MVD unit situated on Glockenflangerweg in Johanngeorgenstadt. Source has seen a Russian pass, which is a badge inscribed Objekt 1/98, AFO 27304.
4. Objekt 1/02 is a transport unit located in Oberschlema, on Ernst Thälmannstr. behind the Kur Hotel. This unit, which has about 40 trucks, allegedly transports the finished ore from Oberschlema (Objekt 2) to Siegmars-Schönau (Objekt 75). There are 200 Soviet officers and men at Objekt 1/02, of which about 40 belong to an MVD unit.
5. Objekt 1/03 is a transport unit located at Aue/Auerhammer on the road to Schneeberg. There are about 75 trucks in this Objekt.
6. Objekt 1/04 is a transport unit located on Kunnersdorferstr. in Annaberg-Buchholz. It has about 30 trucks.
7. Objekt 1/00 is a transport unit located in Antonsthal (Schwarzenberg). It has about 15 trucks. The headquarters of this Objekt is the villa which belongs to the paper factory in Antonsthal. This villa was formerly occupied by the management of Objekte 3 and 23.

CENTRAL INTELLIGENCE AGENCY

-2-

8. Source believes that a distinction should be made between Objekt 1/75 and Objekt 75, both located in Siegmars-Schönau. The latter is the entire SAG Wismut headed by Mikhail Mitrofanovich Maltsev* and the former is ISVD headquarters for Wismut, headed by Lt. Col. Einbänder, who has been in Siegmars-Schönau since the spring of 1946. Einbänder is described as being 1.50 m. tall; he is stout, has a round face, and is bald with a thin ring of black hair; his age is about 65.
